

AXON MANAGE

AXON MANAGE IS THE DEFINITION OF EFFICIENCY IN MARKET DATA MANAGEMENT

AXON ADS

The **AxonManage™** service, ADS, is an outsourced solution for the exchange and vendor reporting process. ADS automates the time-consuming elements of preparing exchange and vendor declarations through the implementation of comprehensive exchange and client-specific rule sets. This systematic approach improves data accuracy by removing repetitive manual processes, while leaving the client in control of the workflow and approvals.

AUTOMATED REPORTING

Automates exchange and vendor reports, incorporating policy and client-specific rules. Compatible with all client data input. Support for exchange, vendor and third-party reporting services.

COMPLIANCE

ADS ensures compliant reporting in accordance with exchange policies and provides audit-friendly reports. Automating these manual repetitive processes removes the risk of human error.

CONTROL

Interactive workflow provides clients with control over the approval and submission of their reports. This dashboard also provides a monthly summary of reports and metrics.
